Nationality	British
Mobile	07739 435552

Chelsea Hannaway joined the company in May 2014 following completion of her studies in Mathematics and Statistics at the University of Glasgow. Chelsea's expertise includes methods for solving linear and non-linear partial differential equations. She also has expertise in data analysis using linear and non-linear statistical models, applying them to both clinical trials and epidemiological studies. Her area of particular interest is Group Theory, focussing on group rings. Chelsea works as part of the software development team.

EDUCATION AND QUALIFICATIONS

May 2010 - 2014	BSc (Hons) 2/1 in Mathematics and Statistics. <i>The University of Glasgow</i>
-----------------	---

EXPERIENCE

May 2014 - Present	<u>Brookes Bell Safety at Sea Ltd, Glasgow, UK</u>
--------------------	---

Mathematician

Development of inclining experiment software on behalf of ship owner.

Development of a container operations simulation model on behalf of an equipment manufacturer.

Development of numerical algorithms to be included in bespoke software for individual clients.
