**Nationality** United States of America  
**Mobile** +1 713 366 1896

Syed has been employed in the Marine Industry his whole working career, with 32 years of practical seagoing experience. He served on a variety of vessel types, particularly General Cargo, Bulk Carrier, Container and Tankers.

Subsequent years have placed him in senior positions, amassing experience and expertise in the maritime industry encompassing the areas of ship operations, ship management, safety procedures, and implementation of procedures on board ships.

He has been a marine/cargo surveyor/consultant for thirteen (13) years back in the USA, dealing with cargo problems associated with vessels carrying bulk liquid, dry cargoes and project cargoes. He is also experienced in contamination and loss control of liquid cargoes and conducting structural damage survey.
